<p>Potential for exposure to Covid-19 through asymptomatic or symptomatic individuals</p> <p>(Showground)</p>	3	4	12	<ul style="list-style-type: none"> The showground itself will be completely cut off from general public, with only those attending the show to be allowed to enter the designated 'show area'. This will be separated by tape, fence posts and signage. Kennel Club rules state that any outdoor venue has to have a 2,000 sq. ft per 150 dogs for any outdoor venue. The main showground area is well over the above minimum limit of square footage stated above, and with only 31 dogs attending, this allows for dog show entrants to continue to maintain a 2 meter distance safely. Adopting a 12ft grid system allows persons to safely move around the showground whilst still being able to maintain a safe 2-meter social distance when passing other entrants. If entrants need toilet or catering facilities, they will have to cross into the 'public' field. With over 90 acres of ground space, it allows for entrants and public to maintain a 2 metre social distance when passing each other. 	2	1	2	<p>All Committee Members</p> <p>Those attending the show</p> <p>Judge/ Steward</p> <p>Host Venue (British Ironwork Centre)</p> <p>Public</p>	Ongoing throughout the day

The host venue does not open until 10am for general public.• GWP exhibitors may have their own car park section and will enter through the dog friendly entranceway and exit way to reduce risk of cross contamination with general public on exiting. (Due to site entranceway road improvements, this may change- this will be confirmed on day of show)• Social distancing signs will be around the showground and in areas of sign in and catalogue collection.• Those who are purchasing a catalogue on the day (limited number) will be asked their name and directed to post exact money (£2.50) directly into the provided collection box.
